

What is Scoir for Parents

The college counseling team at Felix Varela Senior High School is introducing a new platform called Scoir to help you and your student navigate the college selection and application process.

As a parent you'll be able to collaborate with your child in an effort to find a college that best fits their interest. Your score parent account will enable you to view your student's profile along with the colleges they're following, conduct and share your own college search, and suggest colleges for your student to consider. Most importantly, Scoir also provides parents with financial tools so that you can get a better sense of the cost of attendance at various colleges during the selection process.

Students will send you a request to gain access to Scoir through an email invitation so that you can link to their account. As a parent or guardian, you will be able to view their profiles, see their college list, conduct your own college searches,

We are excited to be able to provide Scoir to our students and families, and we feel confident that you will find it helpful and easy to use.
