Magnet Programs

These programs offer specialized courses of study that satisfy student educational interest and mandated learning goals while promoting diversity.

Scan QR code to apply.

Provides technical knowledge and skills needed to prepare for further education and careers in Artificial Intelligence (AI)-enabled careers. The intention of this program is to prepare students to be successful both personally and professionally in an AI-based society.
-Requirement - 2.0 GPA

Aims to advance students' understanding of and appreciation for global connections and teach the concepts and tools to think critically, solve international problems, and work cross-culturally.
-Requirement - 2.0 GPA

An alternative schooling concept to meet the digital and real-world needs of 21st century learners. An environment where open-concept classrooms, the latest technology, and real-world applications are at the center of student learning.
-Requirement - 2.5 GPA, Algebra I, and Physical Science

An award-winning premier career magnet tailored for students who want to learn how to care for and treat a variety of animals. Students engage in STEAM projects, and graduate as a Florida Veterinary Medical Association Certified Veterinary Assistant at the culmination of their senior year.
-Requirement - 2.0 GPA
